

Quality Inspector

This is a new and exciting opportunity to join our team to support the continued growth of an established family-owned business in Leeds. Wilson Power Solutions are a leading manufacturer and supplier of electrical power distribution equipment and pioneers of ultra-low loss amorphous transformer technology. Our flagship product saves money, saves energy, cuts carbon, and offers an innovative solution to the worldwide challenge of reducing energy wastage.

Key responsibilities:

The candidate will be an experienced Quality Inspector from an engineering background to

- Carry out in-process and final inspection of transformers in line with quality standards and procedures prior to release
- Carry out goods' inwards product inspection
- Record and communicate all quality issues/information to the relevant internal and external stakeholders
- Capture, log, and report data issues
- Control quarantine process
- Swiftly investigate quality issues; support cross-functional departments to resolve problems in a proactive manner
- Conduct supplier audits
- Ensure work is completed in a timely manner to meet all Customer and Quality Manager's required target dates
- Work with the operations department to ensure that all quality procedures are followed and finished products meet the customer's specification requirements
- Participate in company quality programmes e.g. Internal Audits, calibration, etc.
- Produce relevant reports, data and statistics
- Attend relevant meetings

Skills, Knowledge & Experience:

- Experience working in a similar role is essential
- Experience in working to Quality Standards is essential
- Experience of working within a production/engineering environment is essential
- Experience working with distribution transformers is desirable
- The ability to understand mechanical and schematic drawings
- Be able to communicate effectively both written and verbally at all levels and ensure communications are clear and understood
- Ability to work under pressure and meet deadlines.
- Experience in working collaboratively with different teams
- Ideally, experience working within a continuous improvement environment
- Flexible approach to deal with issues that may occur outside of normal working hours
- Strong attention to detail with a methodical approach
- PC literate with working knowledge of Excel and Word.

Salary and benefits:

- Salary negotiable
- Profit share scheme (paid quarterly)
- 25 days holiday per year plus 8 bank holidays
- Two paid breaks
- Nine-day fortnight (37.5 hrs)
- Canteen facility with tea, coffee and milk provided
- 3 x salary death in service
- Healthcare scheme
- 2 weeks full pay paternity/maternity leave
- Pension
- EV salary sacrifice scheme and EV on-site charging
- Parking on site

Please email your CV, detailing your current salary to hr@wilsonpowersolutions.co.uk. All applicants must be able to **demonstrate their right to work in the UK**. No Agencies.
